

NSU Science Fair
Form for grades 6-8

School _____

Adult Sponsor (Teacher) Signature: _____

Student Name and Grade (printed) _____

Student Name (signature) _____

Parent or Guardian name _____

Parent or Guardian signature _____

If part of a team, include 2nd team member's information below.

Student Name and Grade (printed) _____

Student Name (signature) _____

Parent or Guardian name _____

Parent or Guardian signature _____

Description of project (abstract):

1. Are you working with vertebrate animals? Yes or No

If yes, read below:

If the project involves only observations and normal conditions (no changes in diet, living conditions, etc.), only a designated supervisor's signature is needed. If the project involves change in diet, injections of any sort, etc., a veterinarian's signature is required.

Designated Supervisor name: _____

Designated Supervisor signature: _____

Veterinarian Name: _____

Veterinarian Signature: _____

Veterinarian Location (Name of clinic, city): _____

2. Are you working with bacteria, viruses, or fungi? Yes or No

If yes, read below:

If the project requires collection and disposal of potentially pathogenic organisms, a qualified scientist must sign below. The qualified scientist should ideally be a medical professional (nurse, doctor, PA, etc.), OR a teacher who has had ample experience with microbiology-related projects.

Qualified Scientist Name: _____

Qualified Scientist Signature: _____

Qualified Scientist Affiliation (Place of employment, title)

3. Are you working with any potentially hazardous chemicals, combustible materials, firearms, other weapons (bow and arrow etc.) or machinery? Yes or No

Note: Fireworks are NOT allowed in science fair projects.

If yes, read below.

Any project involving the items listed above MUST have a designated supervisor who is directly supervising the project. This individual cannot be a teacher if the project is being done at home.

Designated Supervisor Name: _____

Designated Supervisor Signature: _____

Please highlight YES if the designated supervisor agrees to directly supervise the student(s) and stipulates that NSU is not responsible for accidents.

4. Are you working with human subjects? For 2025, there are no specific COVID-related restrictions on projects with human subjects.

This section must be signed by a teacher (other than the adult sponsor) or administrator if parental permission is required by the school for the project to proceed. These permission slips should be kept by the teachers.
